CORVETTE FACTORY/NCM BOWLING GREEN BUS TRIP

We're planning a bus trip to Bowling Green on Thursday February 9, 2012 to visit the Corvette Factory and the National Corvette Museum with a lunch at Mariah's Restaurant in between.

We're going on an Executive Charters deluxe bus that seats 47 passengers. We'll probably have 35 seats filled at the most.

Based on 30 people going, the trip will cost \$65, which includes the cost of the bus and charges for the Corvette Factory Tour and the NCM entry charge. It will also allow us to make a small donation to the NCM Archives Fund and give the bus driver a tip.

We're also going to invite the Bluegrass Corvette Club and the Louisville Corvette Clubs to join us.

If this trip is going to work, I need 30 commitments ASAP. However, the money won't be due until the January meeting. Please respond to me by E-mail at: kjmeier@fuse.net and get me that commitment.

We've done this trip a few times years ago and it's a great time.

Merry Christmas,
Kurt Meier

We're also planning a Chicago overnigher in April that will include a visit to Mickey's Car Barn which specializes in '53-73 restorations and a trip to the Volo Museum in Chicago.
